

The steps to success

Young people can face many barriers to success throughout their educational journey but IntoUniversity is here to help every step of the way. Find out how by playing our game!

Rules:

Starting on the first square, roll a six-sided die to move along the board, following the instructions on the squares.

Win by getting to the final square first!

Play the game

START HERE

You've just started in Year 3/P3 and are embarking on your educational journey.

2

You start attending Primary Academic Support at your local IntoUniversity centre after one of your parents/carers hears about it at school. You start learning about Astronomy and improve your reading skills.

+1 space

3

You visit a university for the first time at age 10 through an IntoUniversity FOCUS Week, and get inspired about where you might study in the future.

+1 space

4

You've been finding maths challenging for some time but aren't sure who to go to for help and your family can't afford extra support.

-1 space

5

One of the volunteers at Academic Support is a former Maths teacher and helps check your Maths homework every week.

+2 spaces

6

You're finding the jump to Secondary school a little bit challenging and start to fall behind.

-1 space

7

You take part in an IntoUniversity transition workshop to help with the transition to Secondary school. You now feel much more confident talking to new people and embracing the new challenges.

+1 space

8

You take part in a Business in FOCUS session with a local law firm that inspires you to become a Lawyer.

+2 spaces

9

You're handing in your homework late because there isn't a quiet space at home to complete it.

-1 space

10

You receive an IntoUniversity mentor and begin to set SMART targets to support with your school work.

+4 spaces

11

You win an Entrepreneurship competition at Secondary Academic Support and get to visit the Google headquarters!

+2 spaces

12

You get a place on IntoUniversity's Big City Bright Future paid work experience programme, building your confidence and making some great connections.

+2 spaces

13

You're struggling to find any work experience in the career you're interested in because you don't have any contacts in the industry.

MISS A TURN

14

Congratulations!!
You've achieved your chosen aspiration!
